

~~Where~~ where I'm from

by Sergio

I'm from the tip tapping shoes

from the dances on stage,

I'm from the quiet click of a

photographer's camera.

I'm from the breeze of South

America.

I'm from my lovable ancestors singing

kepp ongoing.

I come from the waves of the

sea.

I come from the flame of fire.

I come from the breeze of earth.

I come from the seed of a

plant. I come from every

adventure I read. I come from

every book on my shelf.
